R. Gupta, P.Eng.
S. Kass, P.Eng. FEC
E. Loewen, P.Eng.
R. Ludwick, P.Eng. FEC
D.B. McKibbin, P.Eng. FEC
B. Mukanik, P.Eng.
B. Purdy, P.Eng.
J. Tan, EIT
H.M. Turanli, P.Eng.

The committee had another busy year, sponsoring breakfast and lunch presentations on topics of interest to the engineering community and the general public.

The following sessions were among those presented during the last 12 months:

- Being an expert witness
- National energy code for buildings
- Overcoming barriers to successful employment
- Spatial Data Infrastructure Project
- Lakeshore Protection
- Oil and Gas in Manitoba
- City of Winnipeg Transportation Master Plan

The committee would like to thank Grant Koropatnick, William Boyce, Angela Moore, and all APEGM office staff for their guidance and assistance over the past year.

Seminar suggestions are always welcome, and we encourage everyone to complete the recently-circulated survey to members for their input, comments and suggestions for topics and presentations for the upcoming year.
