Jean-Louis Gratton, P.Eng.

Evan Hancox, P.Eng., FEC

Peter Lacoursiere, P.Eng.

Lindsay Robinson, P.Eng.

Moon Shaffiulah, P.Eng.

Doug Strang, P.Eng., FEC

Rob Znidarec, P.Eng.

As members of the Communications Committee, it is our role to manage the publication of the Keystone Professional, our association's quarterly publication. Its purpose is not only to keep our membership informed of APEGM related news and events, but to provide information on engineering and geoscience related stories that we feel might be of interest to our members.

It has been a fairly quiet year for the committee this year. Events such as the Ingenium conference, Provincial Engineering and Geoscience Week and a review of the ProDev reporting guide were highlighted in the Keystone. Features by our Executive Director, President and Professional Standards Coordinator continue to inspire debate and discussion.

A special thank you goes out to APEGM staffers Diana Vander Aa and Angela Moore, who have been invaluable in working with the committee to keep things on the tracks and moving forward! To those who have left the committee over the past year, I wanted to take this opportunity to thank you for your time, efforts and the insight that you have provided me, along and the rest of our committee. The dedication of your time to the Association has been greatly appreciated and I wish you all the best moving forward.
