F. Dubois, P.Eng.

D. Grant, P.Eng., FEC

R. Gupta, P.Eng., FEC

S. Kass, P.Eng., FEC

E. Loewen, P.Eng., FEC

R. Ludwick, P.Eng., FEC

D.B. McKibbin, P.Eng., FEC

B. Mukanik, P.Eng.

B. Purdy, P.Eng.

H.M. Turanli, P.Eng., FEC

J. Tan, P.Eng.

The committee had another busy year, sponsoring breakfast and lunch presentations on topics of interest to the engineering community and the general public.

The following sessions were among those presented during the last 12 months:

- Shoreline Protection
- Helical Pilings
- BRT
- CO2 as a secondary refrigerant
- Digestion of waste

The committee would like to thank Grant Koropatnick, William Boyce, Angela Moore, Kelsey Koop and all APEGM office staff for their guidance and assistance over the past year.

Seminar suggestions are always welcome, and we encourage everyone to complete the recently-circulated survey to members for their input, comments and suggestions for topics and presentations for the upcoming year.
