

## 2015-2016 Registration Committee

Steven Wu, P. Eng. (*Chair*)  
Allan Baskin, P. Eng.  
Paul Bernatsky, P. Eng.  
Rolando Jeria, P. Eng.  
Michael Smith, P. Geo.  
Sirous Ghelichkhan, P. Eng.  
Marshall Kirton – Lay Member

The primary responsibility of the Registration Committee (RC) is to register members of this Association. This duty is carried out within the terms of the Engineering and Geoscientific Professions Act and in accordance with the policies of Council as laid out in the Association's Manual of Admissions.

This Committee reviews files forwarded from the Academic Review Committee (ARC), the Experience Review Committee (ERC), and Association staff. The members review these files based on the recommendations from the ARC and ERC in keeping with the Manual of Admissions. Final acceptance of the files is made by the Committee and Council duly notified. The Committee also hears appeals against the decisions of the ARC or ERC, as well as registration related issues and provision of recommendations regarding same to the Association Registrar and Council.

The Registration Committee, composed as per its terms of reference, meets regularly on the last Wednesday of every month so that files processed by the ARC and ERC can be reviewed in a timely manner. This year 12 regular meetings were held, with no appeal meetings nor special hearings required. During this past fiscal year from July 1, 2015 to June 30, 2016, the following number of files were reviewed by the Committee:

132 MIT's from Assessment, 183 MIT's, and 10 MIT's from Reinstatement were enrolled.

18 Engineers were registered as Licensees - No Geoscientists applied for Licensee status.

189 Engineers and 4 Geoscientists were registered as New Members.

368 Engineers and 11 Geoscientists were registered by Mobility.

29 Engineers were registered by Reinstatement Mobility.

No Geoscientists applied for Reinstatement Mobility.

No Engineers applied for Reinstatement. No Geoscientists applied for Reinstatement.

There had been several resignations and new members appointed by the Council for the committee in the past fiscal year. This was due to adherence to the term limit for committee members from the terms of reference for the committee. Five members have reached the maximum time allowance for service in

keeping with the committee terms of reference. New members have been brought in gradually so that the committee maintain required composition and continuity in experience and knowledge during the transition period. Three new members were brought in September 2015 along with another two members in March, 2016. I would like to thank all the resigned committee members for their long-term dedication carrying out air, reasonable and thorough reviews. I welcome new committee members Michael Smith, P. Geo and Sirous Ghelichkhan, P. Eng. serving on the committee. I would also like to thank the current committee members for their continued effort to review the files in a timely and thorough fashion. Lastly, I'd like to thank Julian Nedohin-Macek, P. Eng. for serving as the chair and providing valuable insights and leadership for the committee.

I would like to thank Grant Koropatnick, P. Eng., CEO and Registrar, for his continuing support and vision. To Mike Gregoire, P. Eng., Director of Professional Standards for providing timely excerpts and valuable insights on the standards and guidance from various sourced documents. Finally, I would like to thank Marlene Polson, Registration Coordinator, and Sharon Sankar, P. Eng., Director of Admissions, for their ongoing effort to provide background information for files of questions and timely follow-up to help the Committee complete the reviews.
