The primary responsibility of the Registration Committee (RC) is to register members of this Association. This duty is carried out within the terms of the Engineering and Geoscientific Professions Act and in accordance with the policies of Council as laid out in the Association's Manual of Admissions.

This Committee reviews files forwarded from the Academic Review Committee (ARC), the Experience Review Committee (ERC) and Association staff. The members review these files based on the recommendations from the ARC and ERC in keeping with the Manual of Admissions. Final acceptance of the files is made by the Committee and Council duly notified. The Committee also hears appeals against the decisions of the ARC or ERC, as well as registration related issues and provision of recommendations regarding same to the Association Registrar and Council.

The Registration Committee, composed as per its terms of reference, meets regularly on the last Wednesday of every month so that files processed by the ARC and ERC can be reviewed in a timely manner. This year 12 regular meetings were held, with no appeal meetings nor special hearings required. During this past fiscal year from July 1, 2016 to June 30, 2017, the following number of files were reviewed by the Committee:

124 Engineer Interns from Academic Assessment, 188 Engineer Interns and 9 Engineer Interns from Reinstatement were enrolled.

13 Geoscientist Interns from Academic Assessment were enrolled.

18 Engineers were registered as Licensees - No Geoscientists applied for Licensee status. 159 Engineers and 3 Geoscientists were registered as New Members.

331 Engineers and 5 Geoscientists were registered by Mobility.

36 Engineers and 1 Geoscientists were registered by Reinstatement Mobility.

2 Engineers were registered by Reinstatement. No Geoscientists applied for Reinstatement.

The Committee has maintained the same members in the past fiscal. All the Committee members are currently within the required term limit from the terms of reference for the Committee. I would like to thank all the current Committee members for their hard-work and dedication carrying out fair, timely and thorough reviews.

I would also like to thank Grant Koropatnick, P. Eng., CEO and Registrar, for his continuing support and visionary thoughts. To Mike Gregoire, P. Eng., Director of Professional Standards for providing timely excerpts and valuable insights on the standards and guidance from various document sources. Finally, I would like to thank Marlene Polson, Registration Coordinator, and Sharon Sankar, P. Eng., Director of Admissions, for their ongoing effort to provide detailed background information on various files of question and timely follow-up to help the Committee complete the reviews.
