OCTOBER 16-18, 2019

## Benefits

Ingenium is a premier professional development and networking opportunity for the engineering and geoscience community in Manitoba. With participants representing a cross-section of the 8,000+ practitioners who work in the province's private and public sectors, this multi-day event offers substantial value to program sponsors:

- ✦ Excellent networking and business development opportunities
- ✦ Exposure to senior decision-makers in the industry
- ✦ Association with a well-organized and productive event
- ✦ Recognition as a supporter of excellence in engineering and geoscience
- ✦ Exposure to new talent in the engineering and geoscience fields

Program sponsors will also receive a sponsor recognition package commensurate with their level of support.

This proposal outlines all levels of sponsorship as well as conference events. If you are unable to contribute financially, we'd be pleased to discuss in-kind sponsorship. Contact the Association to discuss a sponsorship package tailored to your needs, including all levels and forms of in-kind contributions.

Sponsorships are time sensitive and secured on a first-come, first-served basis.
