

Manitoba Government Job Opportunities

Traffic Operations Engineer

Regular/Full-Time

Manitoba Transportation and Infrastructure

Traffic Engineering, Engineering and Technical Services

Winnipeg, MB

Advertisement Number: 45515

Salary Range: \$111,436.00 - \$145,820.00 per year

Closing Date: August 10, 2026

The Manitoba government recognizes the importance of building an exemplary public service reflective of the citizens it serves, where diverse abilities, backgrounds, cultures, identities, languages, and perspectives drives a high standard of service and innovation. The Manitoba government supports equitable employment practices and promotes representation of designated groups (women, Indigenous people, persons with disabilities, visible minorities).

Employment Equity is a factor in selection for this competition. Consideration will be given to women, Indigenous people and persons with disabilities.

An eligibility list may be created for similar positions and will remain in effect for 6 months.

Candidates who do not meet all essential criteria may be considered on an underfill basis at a commensurate rate of pay.

To be considered for this competition **you must submit an application screening form, resume, and covering letter**. Failing to submit the required documents will disqualify the applicant. Click here to access a copy of the application screening form:

Duties:

The Traffic Operations Engineer is a technical expert, leader and manager responsible for approval and delivery of specialized Traffic Engineering programs. Provides engineering expertise, guidance and supervision (direct and indirect) to several professional engineers and related technical staff and is responsible for managing, providing sound leadership, planning, coordination, and financial accountability within the Branch as part of the Branch's senior management team.

Qualifications:**Essential:**

- Bachelor-level degree in Engineering (Civil preferred) or equivalent Engineers Geoscientists Manitoba qualifications.
- Experience in the business of traffic engineering with related experience in highway planning, design, construction, and maintenance, in both urban and rural settings.
- Experience in managing financial resources.
- Experience supervising staff.
- Knowledge of Occupational, Safety, Health & Risk Management policies and procedures.
- Ability to work effectively in a team environment.
- Demonstrated leadership skills to create, support, and sustain an environment to enable staff to achieve results.
- Excellent interpersonal communication skills with ability to establish and maintain effective, positive and professional working relationships with internal and external stakeholders.
- Excellent verbal communication skills.
- Strong analytical, decision making and problem-solving skills.
- Excellent written communication skills.

Conditions of Employment:

- Must be legally entitled to work in Canada
- Must possess and maintain a valid Class 5 driver's licence.
- Must be a registered member (or eligible for registration) with Engineers Geoscientists Manitoba.
- Must have the ability to travel throughout the province by air, marine, or ground transportation.
