

CALL FOR VOLUNTEERS

Want to get more involved with the Association? In need of hours for ProDev? The Association is looking for volunteers to join the Awards Committee.

Awards Committee

The Awards Committee is responsible for receiving nominations and selecting candidates from among the practitioners of the Association, so that professionals are recognized for their excellence by the Association at the annual Awards Ceremony. The Awards Committee also prepares nominations for submission to the Engineers Canada Awards and Geoscientists Canada Awards.

Specific Skills and Qualifications

- Fairly well networked within the engineering and/or geoscience community
- General working knowledge of the Association's award categories
- Strong written communication skills

Time Commitment:

The committee meets typically over the lunch hour, with about six meetings a year. Meetings typically are held between the months January to May, with no meetings over the summer. There is a small amount of committee work outside of the meetings, such as the writing of 1-2 award citations, which are largely based on the nominee's submission.

How to Apply:

If you are interested in being a part of the Awards Committee, please email Diana Vander Aa, Volunteer Coordinator, with a short resume outlining your skills specific to those outlined in the call at Volunteer@EngGeoMB.ca.
